International system for the disposal of oily and greasy waste

➤ ***The amount of the disposal fee remains unchanged in 2013***

The result of the financing system for the disposal of oily and greasy waste from inland navigation looks a priori balanced for the year 2012, as it has been the case in 2011. In this context, the amount of the disposal fee of 7.50 € per 1000 litres of gasoil can remain unchanged in 2013.
