

Article 7.02*Making the vessel available**Amended by Resolution 2015-II-3*

- (1) The carrier shall make the vessel available to the charterer under an unloading standard such that the cargo may be transported and delivered unimpaired. As a general rule, this means the “swept hold” or “stripped tank” unloading standard, with the vessel free of any handling residues.
- (2) A more demanding unloading standard or washing may be agreed in advance, in writing. A copy of the corresponding agreement must be kept on board the vessel at least until the attestation of unloading has been drawn up after the vessel has been unloaded and cleaned.
- (3) When loading operations commence, the vessel is deemed to have been made available by its operator in a condition that corresponds to the demands provided for in paragraph 1 or 2 above.
